#### Dear Teachers,

Welcome to Adventures in Spelling by CherryWood Press. We have attempted to present an attractive, enjoyable approach to a subject that is, at best, unappreciated by your students, and approached with reluctance at worst. You will find that your students will eagerly approach their spelling lessons and truly regard this topic as an adventure.

#### Goals:

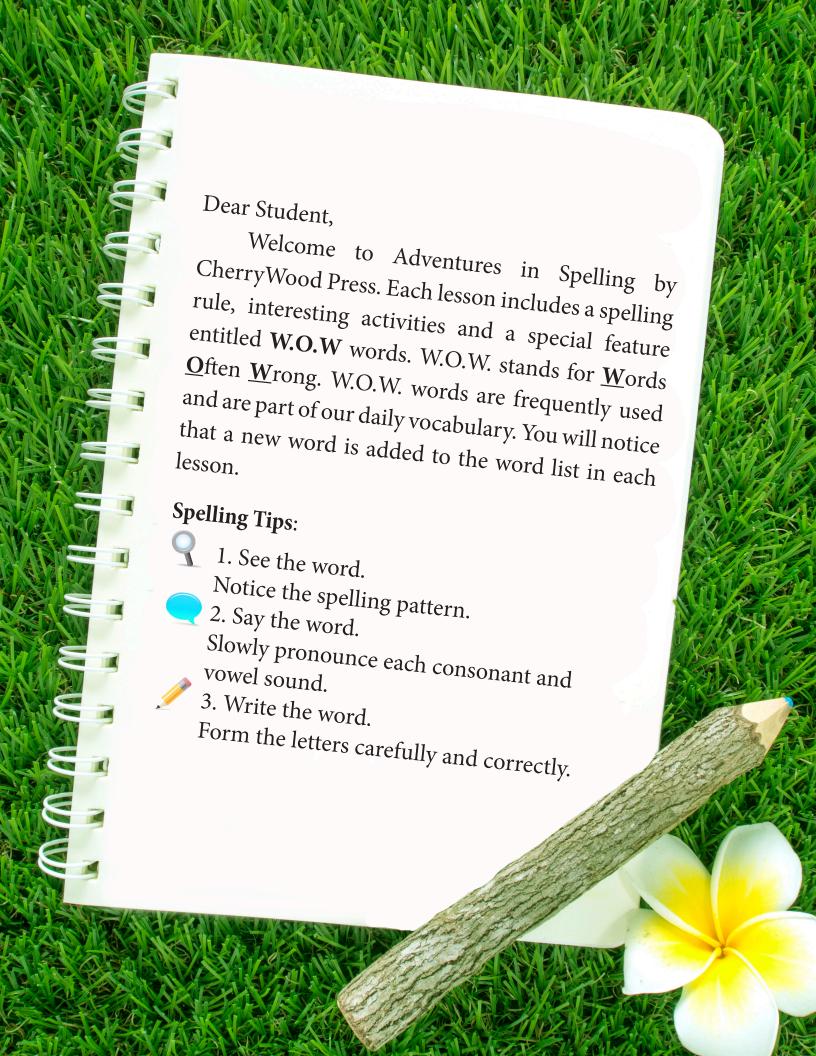

- 1. To present easy-to-follow spelling lessons utilizing frequently used words
- 2. To enhance students' vocabulary
- 3. To apply the usage of word groups, context clues and other critical thinking skills as a means to increase the students' Language Art skills
- 4. To build students' personal vocabulary
- 5. To instruct students how to decode the phonetic structure of words
- 6. To build understanding of the meanings of words through activities and usage of dictionary skills
- 7. To improve all written work by the application of correct spelling mastered in this program

#### Format:

- There are 36 lessons to be covered over the course of the school year, at the rate of one lesson per week. Each lesson consists of a spelling rule and a list of words. For students' convenience, each lesson's spelling words are written on every page of the lesson. Students do not have to turn back to find the words, except for the WOW words, which are listed only on the original spelling list page. Over the course of each lesson, students will write the words three times.
- A dictionary is provided at the end of the book for teacher's use. Definitions as well as parts of speech are listed as a guide. The definitions chosen to be included in this dictionary should be used at the teacher's discretion.
- Lessons #9, 19, 29, and 35 are review lessons, consisting of sample words from the preceding lessons.

#### **WOW Sections:**

WOW words are Words Often Wrong, and they are cumulative, as a new word is added to each lesson. WOW words are frequently used and are part of our daily vocabulary; however, they are often misspelled when used in writing. It is our hope that by increasing the number of times these words are visually and auditorily practiced, students' accuracy will be strengthened. Students should be tested on all WOW words listed in each lesson, weekly. WOW review lessons are lessons #10, 20, 30 and 36.
